

## Wolves' Tale Harris- Lake Park Community School

### Senior Spotlight

By Brianne Ihnen

Jocelyn Rose Nozka is the daughter of Jaklyn and Charles Davis and Tana and Anthony Nozka.

Jocelyn was born on September 1, 2000, in Willingboro, New Jersey. She has four siblings: Aiden (6), Alex (7), Charlie (21), and Sarena (18).

Jocelyn's nicknames are Jo and Joc. Her classes for this semester are anatomy, chemistry, personal finance, government, intro to accounting and a college class: intro to sociology.

Jocelyn participated in football cheer for two years, basketball cheer for four years, and dance team for one year.

Her best memory at H-LP was going to state her junior year. Her most awaited date is graduating at semester.

After she graduates, Jocelyn plans to attend Iowa Central in Fort Dodge for dental hygiene. In ten years, she sees herself being a dental hygienist and having a family. Her advice to underclassmen is to have fun and make high school a memory.

Her favorite team is the Raiders/UNC. Her favorite animal is a dog and her favorite color is blue.

Jocelyn leaves us with her favorite quote: "You have one chance, one life. And what you do with that is up to you."-One Tree Hill.

#### Quiz Bowl

H-LP will compete at MOC-FV on November 11.

#### Midterm

Second quarter midterm is Friday, November 17.

### Hunting update with Koltyn

By Mady Brevik

When many people think of October, they often think of football, volleyball, cross country, harvest, Halloween, etc. However, for some H-LP students, hunting is a big part of October, too.

October has opened five different seasons for hunters in Iowa. I interviewed Koltyn Bradley on what he hunts in October. He said he hunts deer, ducks, geese, pheasants, and doves.

There are also rules for each season. For example, ducks and geese are steel shot only. When hunting pheasant, you must wear one article of blaze orange clothing. Other than pheasant, you may hunt a half an hour before sunrise.

I asked for some tips

about different types of hunting. Koltyn said, "When hunting ducks and geese, use bigger spreads because they will feel more comfortable. When hunting deer, walk on the main trail because that is where their main food source is."

Koltyn has killed 50 ducks, 20 geese, and about 15 doves this year already. After he kills the animals, he cleans them to eat them. His favorite thing about hunting is the adrenaline rush; he considers deer hunting like a wrestling match. He says, "It's just so exciting." He shot his first deer when he was 6. It was September 24 of 2006.

Koltyn shot this year's deer with a bow on Halloween. It was unexpected because he was just ready to climb out of the tree with his bow lowered and found the deer twenty yards away! He raised the bow and got his deer.

When I asked if there was anything else he'd like to share about hunting, he said, "It's a good thing to get involved in. It shows you good life skills and it might be frowned upon, but don't knock it until you try it."

### Wolves' football season comes to an end

By Taylor Meyer

The Wolves' football season came to a close with a road win over Kingsley Pierson 46-16. The boys might have had a rough season, but we are still very proud of them.

The freshmen on this year's football team were Brody Sohn, Lucas Gunderson, Caleb Cook, Jaxson Heikens, Mason Olsen, Alex Heikens, Caleb Nicks, Dylan Meyer, and Keegan Bradley. The five sophomores included Edgar Tapia, Isaac Ihnen, Julian Burdorf, Abdulla Elbuytari, and Peyton Christensen. Dalton Nicks and Jeffrey Bunkers were the lone two juniors on the team. The seniors and the major leaders on the team were Zach Heikens, Bret Sohn, Trevor Gunderson, Keegan Carpenter, Skylar Sheppard, Koltyn Bradley, Braeton Nitzschke, Caleb Kracht, and Bryce Perkins.

The varsity football team finished the season 5-3. The JV would go undefeated with a record of 3-0! The Wolves started out the season with two great shutout wins, but then they would fall to Remsen St. Mary's. They then would pick up two more wins over CCE and West Bend-Mallard. Then they lost two straight before winning their last game. Coach Gunderson said that they had a good attitude and battled through injuries. It would have been easy to give up and not try anymore, but the guys pushed through.

There were some amazing stat leaders for the Wolves this year. Bret Sohn led the Wolves in a couple of different categories. He led with receiving yards with 375! He also had a total of 24 receptions and had five fumble recoveries. Bryce Perkins completed 83 passes for 1253 yards with the longest being 64 yards. He threw a total of 23 touchdown passes. Abdulla Elbuytari led in tackles with 72 total tackles! Dylan Meyer led with most yards rushed with 281 yards.

When Bret Sohn was asked about the season, he said, "I feel like we could have run the table if we didn't have so many injuries. Through all of these injuries, we worked our butts off and showed some heart in our last game against Kingsley-Pierson."

Coach Gunderson said that with losing so many quality seniors, the younger guys will have to work hard in the off season to be ready to step up and play varsity.

### Sophomores take career trip

By Blake Gunderson

On October 19 the sophomore class went on a career field trip to Emmetsburg. There were about six schools that attended this event. There were about twelve presenters, including a vet section, auto detailing, and nursing section.

Mrs. Jacobsma took the sophomores on this trip. She thought it was a good experience because the students got to learn more about some of the college programs. Mrs. Jacobsma's favorite part was watching the students learn new things. She said, "I think the best way to learn about future careers is hands on." This event was very hands on and seemed to have something interesting for all the kids.

Here is some of what the sophomores learned on this field trip.

Jaxson- I learned that you can run a lot of different varieties of vehicles on a dyno tuner.

Naomi- during the vet class, we learned how to make stitches.

Julian- I learned how to build and put in a window.

Rylon- I learned how to fix a dent in different ways.

Adrian- I learned how to run some diagnostics software on a boat engine.

Kilyn- I learned that you stitch up a dog the same way you would a human.

Edgar- I liked learning how to put a cast on a dog.

Mauricio- The classes that were available explained really well how you could implement certain skills into different careers.

Haley- I liked how we got to cook food because it tasted good and I liked something I usually wouldn't eat.

Isaac- I learned how to stick weld. I never have done any welding before.

I also learned that there are good paying welding jobs.

Taylor- I learned about the tricks used to make a totaled car look new.

### Question of the week

By Hannah Harmon

With volleyball, football, and cross country coming to an end, I asked the students at H-LP the following question; What is your favorite sport to watch/play?

- Jordan S.-- Baseball
- Marianne N.-- Soccer
- Emilee W. -- Wrestling
- Kaia U. -- Volleyball because it is the only sport I actually understand
- Kaylee M. -- Volleyball
- Nicole M. -- Basketball
- Carson H. -- Basketball
- Jocelyn E. -- Basketball
- Alexis H. -- Volleyball

My favorite sport to watch is baseball because I don't like playing sports.

### Veterans' Day programs

There will be a program at the elementary starting at 10:00 on Friday, November 10, and at the MS/HS starting at 12:55.
