

Wolves' Tale Harris- Lake Park Community School

Senior Spotlight

By Brianne Ihnen

Jonathan Ray Cozart, also known as Brozart, is the son of Jonathan Sweet and Donna Sweet. Jon has one younger brother, Blake

Sweet. He was born in Lamors, Colorado, and has attended school at H-LP for six years.

Jon's classes this semester include anatomy, PE advanced math, choir/vocal jazz, intro to computers, and computer

graphics and design. Jon's best memory is cruising with friends during open campus, and the thing he will miss most about H-LP is his friends.

Jon plans to join the marines and then go to college.

Jon's favorite sport is wrestling, and his favorite food is cheese. His favorite animal is a gooty sapphire ornamental, and his favorite colors are neon yellow, jet black, and sapphire blue. Jon's favorite song is "I am the Fire" by Halestorm. His favorite teacher is Mr. Sohn, and his favorite class was biology. In Jon's free time he enjoys playing video games. If Jon could have one wish, it would be for him to always know how to help his friends. Jon's favorite quote is "Friends are the family you get to choose."

Jon's advice to underclassmen is to make sure you know who your friends are, and make sure that they know

they are appreciated. Friends make the good times great and the bad times easier.

Good luck to Jon with the new chapter in his life.

Midterm

Fourth quarter midterm is Friday, April 20.

Prom

Prom is Friday, April 28. Watch for details in next week's newspaper.

April 19 sports

There is coed golf at Trinity Christian at 4:30.
Boys' soccer goes to Western Christian at 4:30.
Girls' soccer is at the YMCA at 5:00.
Girls' track is at Estherville at 5:00.

Rising artist

By Zoe Melby

Mr. Irwin's sister, Cait Irwin, is a professional artist who lives in Council Bluffs. Recently she came to Lake Park for a visit with her brother, sister-in-law, and nieces to paint something special for the wellness center.

Her company's name is Irwin Artworks. She paints murals, residencies, and bathroom art. For residencies, she goes to different places and paints pictures of those places. She sells her artwork in her studio and online in her etsy shop. She also goes to places like the Black Hills and Wisconsin to paint for a month and sell her products.

The reason that she decided to paint a mural in the wellness center is that murals make a room pop. She made 4-5 sketches of different murals, and everyone liked the one that she chose more than the others.

Cait went to Northland College in Ashland, Wisconsin, a town on Lake Superior. She studied biology and English and has a Bachelor's Degree in studio art.

Her favorite piece of artwork that she has made is a book called Conquering the Beast Within that she wrote when she was 14. She still gets emails from teenagers that read her book and are going through depression.

Cait's advice to students thinking about becoming a professional artist is that if you really want to be an artist, then go for it. "Keep making things, and don't give up," said Cait. She also encourages them to expand their education.

Cait's website is [irwinartworks.com](http://www.irwinartworks.com) (<http://www.irwinartworks.com/>)

Cait's etsy shop is [etsy.com/shop/irwinartworks](https://www.etsy.com/shop/irwinartworks) (<https://www.etsy.com/shop/irwinartworks>) Make sure you check out her mural in the "on demand" room of the wellness center. And check out this video from Cait that shows the mural's progress: <https://youtu.be/4gMdyuzFhBU>

New shops in town

By Avery Heikens

As you drive, walk, bike, or whatever it may be up Main Street, your eyes are drawn to the new shops in town! The first new shop to be seen on the right side of Main going north is Rubbish, and following close behind on the left side of Main Street is Avery Rose Boutique. Two new shops that sell different items!

Owners of Rubbish, Chris and Emily Lindgren, followed their dream of having their own shop after moving to Lake Park in 2015. Since 2009 Chris and Emily have been going to 2nd hand shops, flea markets, and checking out old farms to find items they could "bring back to life". Chris and Emily fell in love with this small town in Iowa and knew this would be where they would open a shop together. Emily said, "I hope Rubbish will bring people to town to discover what our wonderful Lake Park has to offer."

While shopping in this cute shop, you can find refurbished, repurposed, and reimagined home decor and furniture. Rubbish will open up this summer for their second summer of business on Fridays and Saturdays from 10:00 am to 5:00 pm. There will be additional hours they are open on holiday weekends.

Avery Rose Boutique is the perfect place to put some style in your closet for this coming summer. Owner, Ashley Hibma, has all the trending clothes you will need this summer. Ashley had a dream of owning her own coffeehouse and clothing shop before Avery, their youngest daughter, was brought into their lives. After Avery was home, Ashley decided she could still manage to do part of her plan by starting a Facebook page boutique. This plan started to work for her in the summer of 2016.

Avery Rose Boutique continued to grow, and Ashley could no longer run shop out of her laundry room. In early December of 2017 she opened up shop in Lake Park. Ashley now will be starting her own website so people can buy online! Ashley mainly focuses on shirts and dresses currently, but she hopes to start bringing in more handbags and denim.

Go check out both places, and follow them on Facebook!

Start of soccer season

By Taylor Meyer

Soccer season began in March. This year we have eight students from Harris- Lake Park out for soccer. Lake Park combines with Spirit Lake and Okoboji to make a girls' and boys' team, and they are called Spirit Lake Park Okoboji.

On the boys' side we have freshman Caleb Nicks and the three juniors, Charlie Ingham, Jeffrey Bunkers, and Dalton Nicks. This is Caleb's first year of high school soccer. He is going to play defense on the JV team this year. Caleb said, "My favorite part of soccer is spending time with the team." Charlie is in his third year of high school soccer. This year Charlie is planning to play on the varsity team. Charlie's freshman year he played as a midfielder, but the past two years he has been playing an attacking midfielder and forward. Charlie says his favorite part of soccer is getting to play with a bunch of different people throughout the years. Charlie would also like to add that soccer is probably one of the best things that has happened to him.

Jeffrey Bunkers is in his second year of high school soccer. He is a part of the JV soccer team this year. Jeffery plays as a defender. "I want to say that there is a lot of running involved in soccer," said Jeffery. Dalton Nicks has been participating in high school soccer ever since his freshman year. He is planning to play on the varsity team this season. Dalton plays as a defender. Dalton says that his favorite part of the sport is hanging out with his friends and playing in the games.

On the girls' side we have sophomore Marianne Nebelsick, two juniors, Cheyenne Nelson and Pien Vandam, and senior J SanSoussi. Marianne has been playing soccer in high school for the past two years. She has gotten to play on both the JV and varsity teams. Her position is the left-back. Her favorite part of soccer is getting to meet new people since they play with Spirit Lake and Okoboji. Cheyenne is out for her third year of high school soccer over at Spirit Lake. She has played on the JV team and is looking to make the varsity team. Her positions include center and outside back. Cheye's favorite part is just being able to play the game that she loves. Cheye would also like to add to please come and support the SLPO soccer teams this season!

This is Pien's first year playing high school soccer, and she is on the JV team. Her favorite part of soccer is being part of a team and that the sport is outside. J has been playing soccer since freshman year in high school and has played on both the JV and varsity team. J is the goalkeeper for the girls' soccer team. "If you think you might want to try soccer, do it. Even if it's only for one year," said J.

Both teams have not been able to get in a game yet this season due to all of the snowy weather that we have been having. Make sure you make it over to support our soccer players in this upcoming season. Go SLPO!

High schoolers visit preschoolers

By Mady Brevik

Mrs. Delaney's health class went to the elementary school to visit the preschoolers and do some activities with them. Their first day with the preschoolers was more of an observation and getting to know each other. They played counting games and letter games to understand the preschoolers' abilities. On the second day, the health students created health topic lessons to teach to the preschoolers.

Mrs. Delaney has 13 students in her Health II class this semester. The preschoolers learned about spreading germs, hand-eye coordination, and striking with a handled object. The high schoolers learned about the development of preschool aged students and how to teach and work with them. This was the first time that Mrs. Delaney has done this with the two classes, but they already do a development project along with a real care project. "I thought this project would be a good hands on learning experience for both the health students and the preschoolers," said Mrs. Delaney.

Five health students volunteered to share their favorite part about this experience. Lucas said his favorite part was meeting Toby, a preschooler. Mason liked getting to know all the preschoolers. Cheyenne said she liked it because they got to do something different than doing work in class. Dylan said he liked meeting the preschoolers, and Logan said he liked going to Gunderson's and Tyson, a preschooler, said he was his friend.
